Re: I OPPOSE [HB 2761]...English only is far more cheaper and is the language of the United States of America.

I have a better idea for the money you are going to spend on [HB 2761]. Give it to me.

English must be learned by all immigrants.

[HB 2761] is another attempt to welcome the globalist community into the Oregon.

Let immigrant communities voluntarily pay for the mandate of [HB 2761] and keep your stinking, pathetic hands of o my wallet.

I want "No" part of subsidizing non-English speaking people.

By the way, it appears the legislature has taxed the citizens too much if you have money for [HB 2761].

Respectfully submitted,

/s/ David S. Wall
