

I oppose HB 2002

The Oregon Voters want and need the Oregon Mandatory Sentences for Listed Felonies Act, also known as Measure 11.

This bill will jeopardize the Oregon voters voice. We have voted on this more than once. In 1994 Oregon Voters passed measure 11 by a 2 to 1 margin, to hold our most violent offenders to be held accountable for their crimes. These are the States most dangerous people! There should not be leniency shown to these criminals.

In 2000 measure 94 was put on the ballot in an attempt to repeal measure 11, this measure was defeated 387,068 to 1,073,275. The Oregon voters do not want to see these violent offenders get reduced sentences or early release.

Crime rates dropped 51 percent between 1995 and 2009.

The safety of Oregonians is at risk by not allowing law enforcement to do their jobs.

Giving \$2,500,000 to the REIMAGINE SAFETY FUND is irresponsible, This group is a racist organization, founded on disinformation on racial disparity and will only cause more division in our State.

Bottom line, the voters in Oregon want to feel safe and have our law enforcement allowed to do their jobs.

Please vote no on HB 2002
