Re: I OPPOSE [HB 2166]...When and where will state sponsored and institutionalized systemic racism stop?

[HB 2166] gives one the experience the Uyghurs in China must face everyday-state mandated indoctrination.

[HB 2166] incorporates state sponsored systemic racism in many areas throughout the "-1 Amendment Text."

The Text of the "-1 Amendment" a (24 page document) is replete with institutionalized system racism language, and mandates.

The misuse and gross misrepresentation using race and et cetera as a basis for expulsion and or suspension from schools is repugnant. It has nothing to do with rave, et cetera. Expulsion and or suspension from schools is predicated on unacceptable behavior. The fraudulent misuse of statistics to promote a political issue should not be permitted and those that promote such conduct have no place in our schools and or employment positions pertaining to public authority especially, education.

The "Early Childhood Suspension and Expulsion Prevention" as defined in the (-1 Amendment) the "Text: [Page 3 at (23-30)]; [Page 4 at (1-30)]; [Page 5 at (1-30)] and [Page 6 at (1-9)] is a "race-based political indoctrination welfare state" all into itself.

[HB 2484] hasn't even been passed into law yet tenants of [HB 2484] are incorporated in the 'Text: [Page 6 at (10-30)];[Page 7 at (1-30)] (and possibly other sections).

The sections pertaining to "The Early Learning Council" and "Social Emotional Learning Standards" are also steeped in institutionalized systemic racism.

The "Educator Equity" section starting at [Page 12 at (24)] continues the rant of codifying the government support of the institutionalized systemic racism theme and permits the dumb downing of the educational requirements for teachers.

[HB 2166] is a horrible example of indoctrination of children to accept institutionalize systemic racism and thus promotes racism throughout our society.

I could go on to analyze [HB 2166] further but, what for.

[HB 2166] is another example of government supported institutionalization of systemic racism.

It creates a massive, extremely costly bureaucracy rivaling any established welfare state.

[HB 2166] stinks to high heaven.

Respectfully submitted,
