

I am a housing provider and property manager with 72 doors.

Housing providers have been hit hard with egregious actions put in place by the moratorium. We should have the right to protect ourselves from financial devastation.

I have seven owners at a loss of \$56,000 in past due funds. Tenants have vacated so they do not qualify for the assistance program. They need your support.

They have mortgages to pay, repairs, some damages and utilities expenses. We are already receiving bankruptcy notices for funds owed.

Tax credit is needed to help these owners and other owners to survive this pandemic as well.

Grateful for your time.

Kathleen Ashley
