

To The Members of the House Committee On Economic Recovery and Prosperity

[HB 3177](#) would require that the governor treat restaurants, fitness clubs, and bars the same as the large retail outlets, and grocery stores. Any new mandate on one business would be a mandate on all of them equally.

The law would not stop the governor from forcing social distancing, mask-wearing, or requiring barriers or partitions, but it is a way to make sure the government spreads the regulations more evenly. It might also deter the overuse of executive orders because those mandates would affect a larger swath of businesses.

Support [HB 3177](#). Support fair implementation of the regulations Governor Brown has imposed on businesses, and vote YES to pass [HB 3177](#) out of committee.
