Re: I OPPOSE [HB 3164]...[ORS 162.247] is just fine the way it is written.

People should always obey the Police.

[HB 3164] should be renamed as the "Get out of Jail Free Card."

I am sick and tired of "Protestors" using the 1st Amendment to our sacred Constitution as a shield to assault Police Officers and to disobey Police Orders to disperse.

[ORS 162.247] does not need any modification. What is needed is "behavioral modification" of damnable "Protestors" who cause all sorts of mischief.

I support the 14th Amendment of our sacred Constitution. Equal treatment under the law.

If a Police Officer breaks the law, that person is no longer a Police Officer but a Defendant.

No special privileges for anybody.

I also do not support the Multnomah County District Attorney's conduct with reference to not prosecuting criminals stemming from the riots in Portland.

[HB 3164] is bad legislation.

Respectfully submitted,

/s/ David S. Wall
