Re: I OPPOSE [SJR 12]...

I don't want anyone to suffer from lack of healthcare but, I do not want to be compelled to pay for their healthcare either.

[SJR 12] is yet another stab at Socialized Medicine which I definitely do not support.

I also do not support making "Healthcare" part of the State of Oregon's Constitution either.

So, I guess I'm going to be falsely labeled as a "bad guy."

I can live with that falsehood.

Go pick someone else's pocket and leave mine alone.

Respectfully submitted,
