

I strongly urge you to Pass HB 3177 . I have worked with the Food Service and Hospitality industries in Baker, Union, Grant, and Wallowa counties for 30 yrs . The Mandates Governor Brown has come up with are flat out wrong and have done nothing but destroy our local Food Service and Hospitality Industry . The Restaurants and Fitness centers are responsible for very little if any infection. Look at the True Facts , Look at the True Science. The mandates are more deadly than the TRUE Covid #'s . The People will not survive another lockdown .They don't want Government control and Welfare anymore. We insist you keep us Open and Allow us to be Free ! The Lockdowns to "Stop the Spread " are a Lie . Its just delayed the inevitable ...Unless you keep us open ,our economy and well being are finished . We will NOT stand by and allow Gov Brown to turn us into a Socialist State !!
