

ASAP Grants

2017-2020

Aviation System Action Program

Baker City Municipal Airport
South Apron Reconstruction Project
2017 COAR Grant Project

COAR Grant Application and Funding Summary: Cycles 1 through 4

Grant cycle	Grant applications	Grant awards	Applicant Requests	Revenue collected	Grant Funds Awarded	% request for funds awarded
Cycle 1: 2016-2017	55	32	\$4,256,697	\$1,737,029	\$1,683,072	39.5%
Cycle 2: 2017-2018	58	24	\$5,913,513	\$1,848,200	\$1,693,212	28.6%
Cycle 3: 2018-2019	42	24*	\$3,896,182	\$1,976,446	\$1,947,322*	50%
Cycle 4: 2019-2020	40	4*	\$4,504,933	\$2,031,346	\$550,000*	43.5%

*Total grants and funds awarded were decreased due to FAA AIP 2020 Grants having their match requirement covered by the Federal CARES Act.

Kate Brown, Governor

Oregon Department of Aviation

3040 25th Street SE

Salem, OR 97302-1125

Office: 503-378-4880

Fax: 503-373-1688

To: State Legislators and Oregon aviation stakeholders

From: Betty Stansbury, Director

Date: October 15, 2020

Re: Aviation fuel tax

In 2015, the Legislature approved a two cent increase to Oregon's tax on aviation fuels (HB 2075), but with a sunset of January 1, 2022. The revenues from that increase fund the Aviation System Action Program (ASAP), a grant program that has been used to help pay for **109 projects at 49 airports across Oregon.**

The two cent increase generated about \$4M per year (pre-pandemic), which is used for:

- 1) The local match for federal grants
- 2) Resiliency projects
- 3) Economic development projects

The fuel tax increase will sunset in just over one year. In the 2021 legislative session, legislators will be given the opportunity to remove the sunset provision and to continue to provide the only source of state funding for Oregon's airports. **Attached is a report showing where the funds were spent in the first five years.** I hope you will conclude that this is a program worth continuing.

Oregon has 97 public use airports, with 56 of them eligible for federal funding. Airports are capital intensive infrastructure, and no community can afford to self-fund the cost of these improvements. A Federal Aviation Administration grant program (called the Airport Improvement Program) pays an average of 90% of total project costs, and the state ASAP Grant program provides up to \$150,000 of the remaining 10% local match. The grant program has also funded repairs at the non-federally funded local and state-owned airports, as well as assistance to a handful of local communities in recruiting or retaining airline service.

If you have questions about the contents of this report, please feel free to reach out to either me at Betty.Stansbury@aviation.state.or.us or Heather Peck, our Projects and Planning Manager, at Heather.Peck@aviation.state.or.us.

Oregon Department of Aviation's mission is to provide infrastructure, financial resources, and expertise to ensure a safe and efficient air transportation system

**Gold Beach Municipal Airport - Master Plan Update
Kick-Off Meeting**

Date: April 21, 2016
Time: 2:00 pm - 3:30pm, with Public Open House Immediately Following
Where: The Cannery Building - Suite D (upstairs)
(2881 Harbor Way, Gold Beach, OR 97444)

The Port of Gold Beach invites the community to attend the first public open house to learn about the Gold Beach Municipal Airport - Airport Master Plan Update. The Port of Gold Beach obtained and matched a grant from the Federal Aviation Administration (FAA) to fund this study. A Planning Advisory Committee (PAC) composed of airport users, neighbors, and local/regional agencies has been established to participate in the planning process. This kick-off meeting will review the master planning progression that will be undertaken over the 12-month project schedule.

The PAC meeting, which is open to the public, is scheduled for Thursday April 21st from 2:00 to 3:30 p.m. at The Cannery Building. The open house will immediately follow the PAC meeting and is intended to facilitate a discussion of the master planning process. A brief project overview will be followed by interactive discussion.

Staff will be on hand at the workshop to answer questions and collect comments.

The Port of Gold Beach values and encourages input from the community about the Gold Beach Municipal Airport - Airport Master Plan Update project. Members of the public are welcomed and highly encouraged to attend the Public Meeting.

2017 – Master Plan Study
Total Project Cost: \$127,753
