

Hello and thank you for your time. I sent a letter last week to Representatives Ginny Burdick, James Manning, Rob Wagner, Rachel Prusak and Lisa Reynolds regarding HB 554 and thought I would take the time to comment on this bill as well. My question is simple - what do you plan on achieving with this bill or any other gun bill you are trying to pass? I'm assuming you all are smart enough to know that criminals do not follow laws, right? That those that have and carry guns are law abiding, hard working, tax paying citizens. Yes, both conservative and liberal. We are here to protect you, your family, your friends, your neighbors, the people of your community. Your laws do nothing to protect the people that voted you into office, your laws only serve the big money pushing these agenda. Who do you truly represent, the people or the lobbyist?
Thank you for your time
