

SUBCOMMITTEE RECOMMENDATION

Department of Geology and Mineral Industries Landslide Mapping

To: Ways and Means Full Committee
From: Natural Resources Subcommittee
Carrier: Senator Anderson

On Wednesday, February 16th, the Natural Resources Subcommittee recommended approval of the submission of a federal grant application from the Department of Geology and Mineral Industries to the Bureau of Land Management in the amount of \$75,000 for landslide mapping.

This is a non-competitive funding opportunity for three years of landslide inventory mapping in the Coos Bay District. The grant application deadline is March 2nd and no state match is required. If awarded, the agency will utilize existing staff to do this work.

The Natural Resources Subcommittee recommends approval.
