The League of Women Voters of Oregon is a 102-year-old grassroots nonpartisan political organization that encourages informed and active participation in government. We envision informed Oregonians participating in a fully accessible, responsive, and transparent government to achieve the common good. LWVOR Legislative Action is based on advocacy positions formed through studies and member consensus. The League never supports or opposes any candidate or political party.

Directs Oregon Treasurer to publish annually complete list of assets held in investment funds..

“The League of Women Voters believes democratic government depends upon the informed and active participation of its citizen’s right to know by giving adequate notice of proposed actions, holding open meetings, and making public records accessible.”

Informed voters require access to documents in all areas of government, including the State Treasury. This allows for all citizens to make the best electoral decisions and ensure the safety of our democracy. State Senators and Representatives as well need access to the climate-related financial risk of our investment portfolio in the State Treasury.

HB 4115 gives us this access of information, which allows legitimate debate in government. And with transparency of documents, which are easily accessible, **trust in government** becomes more enhanced.
