

Open Government Impact Statement

81st Oregon Legislative Assembly
2022 Regular Session

Measure: SB 1567

Only impacts on Original or Engrossed
Versions are Considered Official

Prepared by: Cameron D. Miles
Date: 2/2/2022

SUMMARY

Requires owners or operators of bulk oils and liquid fuels terminals to conduct and submit to Department of Environmental Quality seismic vulnerability assessments. Requires department to review and approve seismic vulnerability assessments. Requires owner or operator of existing bulk oils or liquid fuels terminal to submit seismic vulnerability assessment by June 1, 2024. Requires department to submit report on seismic vulnerability assessments to interim committees of Legislative Assembly by November 1, 2024.

Requires owner or operator of bulk oils or liquid fuels terminal to properly implement seismic risk implementation plan approved by department. Directs Environmental Quality Commission to, by rule, adopt seismic risk mitigation program for bulk oils or liquid fuels terminals.

Requires State Department of Energy to develop energy security plan and report plan to interim committees of Legislative Assembly by January 1, 2024.

Takes effect on 91st day following adjournment sine die.

OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure exempts from public disclosure information containing trade secrets submitted to the Department of Environmental Quality from bulk oils or liquid fuels terminals as part of a seismic vulnerability assessment or a seismic risk implementation plan.

If the public records were instead subject to mandatory disclosure under public records law, trade secret information of bulk oils or liquid fuels terminals could be made publicly available.
