28 “(a) The certified stumpage value of standing timber in the forest
29 conservation area not harvested as a result of using the standard
30 practice harvest restrictions in lieu of the small forest owner mini-

1 **imum option, using the standard measuring techniques of professional**
2 **foresters;**

3 **“(b) The cost to the small forestland owner of establishing the**
4 **stumpage value, including the cost of appraisal performed by a pro-**

10 **“(2) If the small forestland owner is barred from using the small**

19 **“(a) The conversion return method, in which the volume of timber**
20 **being retained is determined by species and log grades, and a value is**
21 **established from current delivered log price information, less a rea-**
22 **sonable cost for harvest and delivery, for the area in which the re-**
23 **tained timber would ordinarily be sold.**

24 **“(b) The actual comparison method, which may be used if the tim-**
25 **ber being retained is similar in species and log grades to the timber**
26 **being harvested, and which is calculated using actual revenues from**
27 **the timber being harvested by the small forestland owner in the har-**
28 **vest area adjacent to the forest conservation area.**

29 **“(c) The cash flow modeling method, in which the value of standing**
30 **timber is determined by using the projected volume of the stand over**

1 a harvest rotation based on species and site class, determining the
2 value at harvest age and then discounting the value to the present
3 date using an interest rate equal to the direct farm ownership loan
4 interest rate of the Farm Service Agency of the United States De-
5 partment of Agriculture.

6 “(4) Costs, including the cost of an appraisal and the cost of filing
7 and recording a deed restriction, may be included in the credit amount

10 “SECTION 5. (1) If a small forestland owner, or the owner’s estate,
11 heirs or devisees, elects to conduct a timber harvest within a forest
12 conservation area for which a tax credit has been allowed under sec-
13 tion 2 of this 2022 Act and for which a harvest restriction has been
14 recorded or otherwise elects to remove the harvest restriction, the

17 the credit, as provided in ORS 315.061.

18 “(2)(a) If the timber harvest or the removal of a harvest restriction
19 that results in revocation is conducted by an owner other than the
20 small forestland owner that originally received certification for the
21 credit under section 3 of this 2022 Act, that successor owner shall be
22 liable for the entire amount certified for credit under section 3 of this
23 2022 Act. Interest shall be charged at the rate established in ORS
24 305.220 from the date of transfer of the title to the successor owner.

25 “(b) A revocation under this subsection does not impair the right
26 of a prior owner to claim the credit.

27 “(3) After repayment is complete, the small forestland owner shall
28 notify the State Forestry Department of the repayment and the de-
29 partment shall remove the record of the harvest restriction from the
30 department reporting and notice system operated under ORS 527.786

1 to 527.793. The small forestland owner shall cause the deed restriction
2 to be removed from the county deed records. The department shall
3 provide the small forestland owner with appropriate documentation for
4 this purpose.

5 “(4) The small forestland owner that conducts the timber harvest
6 shall be responsible for any penalties imposed for violations of the
7 Oregon Forest Practices Act arising from the harvest.

8 “SECTION 6. If the credit allowed under section 2 of this 2022 Act
9 is repealed, or is allowed by the Legislative Assembly to expire, tax-
10 payers that have previously received certification shall be allowed to
11 continue to claim the credit. Any deed restrictions associated with the
12 credit shall be retained.

13 “SECTION 7. Notwithstanding ORS 315.037, section 2 of this 2022
14 Act applies to all tax years beginning on or after January 1, 2023.

17 “SECTION 9. (1) The definitions in section 2 of this 2022 Act apply
18 to this section.

19 “(2) If, at the date of death, a decedent held the certification for a
20 credit under section 2 of this 2022 Act, the estate of the decedent shall
21 be allowed a credit for use of the small forest owner minimum option,
22 as provided in section 2 of this 2022 Act, to the extent that the credit
23 has not been used to offset income taxes.

24 “(3) If the forest conservation area for which a credit under section
25 2 of this 2022 Act was allowed is contained in the decedent’s estate,
26 and if the timber in the forest conservation area is subsequently har-
27 vested or otherwise removed in violation of the harvest restriction
28 recorded for the forest conservation area, the Department of Revenue
29 may impose additional tax, interest and penalties under ORS 118.005
30 to 118.540. The additional tax liability shall be the amount of credit

1 used against the decedent's taxable estate.

2 “(4) The estate shall provide notice of the amount of credit received
3 to the heirs or devisees, who will maintain records of the credit used.

4 “(5) Any unused amount of credit may be distributed to the heirs
