3 this purpose.

4 “(b) Maintain the written documentation of the amount certified
5 for tax credit under this section, and the amount of credit claimed, in

24 “SECTION 4. (1) The amount of the tax credit allowed under section
25 2 of this 2022 Act shall be the sum of:

26 “(a) The certified stumpage value of standing timber in that portion
27 of the forest conservation area that is not harvested as a result of
28 using the standard practice harvest restrictions in lieu of the small
29 forest owner minimum option, using the standard measuring tech-
30 niques of professional foresters;

1 **“(b) The cost to the small forestland owner of establishing the**
2 **stumpage value, including the cost of appraisal performed by a pro-**
3 **fessional forester, and of filing and recording a deed restriction as**
4 **described in section 3 (3) of this 2022 Act; and**

5 **“(c) If applicable, one-half of the certified stumpage value of re-**
6 **tained timber in a dry channel area adjacent to the forest conservation**
7 **area.**

8 **“(2) If the small forestland owner is barred from using the small**
9 **forest owner minimum option by the horizontal lineal feet limitation**
10 **applicable to fifth field watersheds, the certified stumpage value de-**
11 **scribed in subsection (1)(a) of this section shall be multiplied by 125**
12 **percent.**

13 **“(3) The applicable stumpage values under this section shall be the**
14 **values as of the date of filing a notification of operation under ORS**

16 **calculated using one of the following methods:**

17 **“(a) The conversion return method, in which the volume of timber**
18 **being retained is determined by species and log grades, and a value is**
19 **established from current delivered log price information, less a rea-**
20 **sonable cost for harvest and delivery, for the area in which the re-**
21 **tained timber would ordinarily be sold.**

22 **“(b) The actual comparison method, which may be used if the tim-**
23 **ber being retained is similar in species and log grades to the timber**
24 **being harvested, and which is calculated using actual revenues from**
25 **the timber being harvested by the small forestland owner in the har-**
26 **vest area adjacent to the forest conservation area.**

27 **“(c) The cash flow modeling method, in which the value of standing**
28 **timber is determined by using the projected volume of the stand over**
29 **a harvest rotation based on species and site class, determining the**
30 **value at harvest age and then discounting the value to the present**

1 date using an interest rate equal to the direct farm ownership loan
2 interest rate of the Farm Service Agency of the United States De-
3 partment of Agriculture.

4 “(4) Costs, including the cost of an appraisal and the cost of filing
5 and recording a deed restriction, may be included in the credit amount
6 only to the extent that the amount attributable to those costs is not
7 claimed as an income tax deduction by the taxpayer.

8 **“SECTION 5. (1) If a small forestland owner, or the owner’s estate,**
9 **heirs or devisees, elects to conduct a timber harvest within a forest**
10 **conservation area for which a tax credit has been allowed under sec-**
11 **tion 2 of this 2022 Act and for which a harvest restriction has been**
12 **recorded or otherwise elects to remove the harvest restriction, the**
13 **certification of the credit shall be revoked and the Department of**
14 **Revenue may proceed to collect any amounts not paid as a result of**
15 **the credit, as provided in ORS 315.061.**

16 “(2)(a) If the timber harvest or the removal of a harvest restriction
17 that results in revocation is conducted by an owner other than the
18 small forestland owner that originally received certification for the
19 credit under section 3 of this 2022 Act, that successor owner shall be
20 liable for the entire amount certified for credit under section 3 of this
21 2022 Act. Interest shall be charged at the rate established in ORS
22 305.220 from the date of transfer of the title to the successor owner.

23 “(b) A revocation under this subsection does not impair the right
24 of a prior owner to claim the credit.

25 “(3) After repayment is complete, the small forestland owner shall
26 notify the State Forestry Department of the repayment and the de-
27 partment shall remove the record of the harvest restriction from the
28 department reporting and notice system operated under ORS 527.786
29 to 527.793. The small forestland owner shall cause the deed restriction
30 to be removed from the county deed records. The department shall

1 provide the small forestland owner with appropriate documentation for
2 this purpose.

3 “(4) The small forestland owner that conducts the timber harvest
4 shall be responsible for any penalties imposed for violations of the
5 Oregon Forest Practices Act arising from the harvest.

6 “SECTION 6. If the credit allowed under section 2 of this 2022 Act
7 is repealed, or is allowed by the Legislative Assembly to expire, tax-
8 payers that have previously received certification shall be allowed to
9 continue to claim the credit. Any deed restrictions associated with the
10 credit shall be retained.

11 “SECTION 7. Notwithstanding ORS 315.037, section 2 of this 2022
12 Act applies to all tax years beginning on or after January 1, 2023.

13 “SECTION 8. Section 9 of this 2022 Act is added to and made a part
14 of ORS chapter 118.

15 “SECTION 9. (1) The definitions in section 2 of this 2022 Act apply
16 to this section.

17 “(2) If, at the date of death, a decedent held the certification for a
18 credit under section 2 of this 2022 Act, the estate of the decedent shall
19 be allowed a credit for use of the small forest owner minimum option,
20 as provided in section 2 of this 2022 Act, to the extent that the credit
21 has not been used to offset income taxes.

22 “(3) If the forest conservation area for which a credit under section
23 2 of this 2022 Act was allowed is contained in the decedent’s estate,
24 and if the timber in the forest conservation area is subsequently har-
25 vested or otherwise removed in violation of the harvest restriction
26 recorded for the forest conservation area, the Department of Revenue
27 may impose additional tax, interest and penalties under ORS 118.005
28 to 118.540. The additional tax liability shall be the amount of credit
29 used against the decedent’s taxable estate.

30 “(4) The estate shall provide notice of the amount of credit received

1 to the heirs or devisees, who will maintain records of the credit used.

2 “(5) Any unused amount of credit may be distributed to the heirs
3 or devisees for use as a credit against the taxes imposed under ORS
4 chapter 316, 317 or 318.
