

To whom it may concern:

My name is Ja'Maree Collins, I'm a student at David Douglas Highschool and in black studies. We should expand and give everyone the opportunity to take these types of classes because it benefits everyone. This class is a benefit because it teaches you about the culture and history. This class takes it to another level we really dig deep and dive deeper into things. This class has taught me many things. One of these things is that the world we live in is full of hate and there's so much I don't know about my own culture. There's a lot of black excellence that is not talked about.

Sincerely,

Ja'Maree Collins
