On Behalf Of:  
Committee: House Committee On Education  
Measure: HB4124

Dear Committee Members,

I am writing you as a former educator asking that you aid in providing transparency and tools for measurement on testing in Oregon's schools. There has long been concern by many parents and educators regarding the loss of classroom time given over to testing as well as to its dollar costs. Bill 4124 is a first step in determining what is best for Oregon's school children. Thank you for referring this bill to the floor.  
Sincerely, Sharon Hawks
