

Submitter: Maddie Loup
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB4115

Hello,

I'm writing in support of Treasure Transparency Bill HB 4115. This bill will allow Oregonians access to see how our money is being spent, and we're entitled to that access. It's especially important that we have visibility into further investment into fossil fuels– that type of spending has a direct, sustained impact on our climate and our future, and we deserve to know if the Treasury is compromising them.

Please, please pass HB 4115.

Thank you,
Maddie
