

Submitter: Gary Stine

On Behalf  
Of:

Committee: Senate Committee On Judiciary and Ballot Measure 110  
Implementation

Measure: SB1510

I oppose Sec 6 & 7 of SB1510 because we need to have safe vehicles on our streets and highways. Driving at night it is dangerous for all vehicles if a vehicle has a headlight out. Police need to stop those drivers that don't keep their vehicles in good repair. If you insist on making our roads more dangerous, you need to consider making a mandatory vehicle safety inspection required to renew your vehicle registration.
