

Submitter: Amber Doss

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

I am overwhelmingly opposed to sb1521. Reason being; we have enough government overreach. We need our school boards and local agencies to lead their areas and districts how they see fit, according to the people they SERVE! This is oppressive and won't serve the people. School boards deserve the right to fire a superintendent that is not serving his/her district.
