

Submitter: Janice Zagorin
On Behalf Of:
Committee: House Committee On Education
Measure: HB4124

As a grandparent of two children who graduated with honors at South Eugene High School, I have seen first hand how excessive testing has added more pressure to an already stressful educational system. At a minimum, we need to know what tests are being given, what are their costs, who benefits and why are they needed! if we don't have the information, how can we begin to evaluate their usefulness?

This bill could be a critical first step in improving the lives of our kids.

Thank you.
