

Submitter: Mica Contreras
On Behalf Of:
Committee: House Committee On Education
Measure: HB4124

Hello,

I am writing to express my support for HB 4124. This bill is an essential step in the pursuit to ensure that equity is foundational in our education system. The current system is opaque and inaccessible. We must be able to answer the basic questions of which tests are currently being mandated and where; what corporations are profiting from which tests; and why are some schools disproportionately testing students, among others. This bill constitutes the minimum amount of information that should be publicly accessible and I urge you to support its passage.

Sincerely,
