

Submitter: Rose Kaler

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

My name is Rose Kaler, I'm a fourth generation Oregonian (My daughter is a fifth). I oppose SB 1521. It is so important that the parents have a voice via their school board and have the option to fire a superintendent. We need to keep our schools independent of any State or Federal Laws. The only people that should have control over our local school districts are the parents and taxpayers. We are the voice of the Oregon and deserve to be heard.
