

Submitter: Robyn Wheatley

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

I am OPPOSED to passing senate bill 1521 that removes local school board's power to remove a superintendent. I am a native Oregonian living in the Newberg school district. The school board rightfully and legally fired our superintendent. Our board is duly elected and performed the duties the community voted them to do. Joe Morelock would not follow the direction the board asked him to take so he was let go. Our local school boards need the power to hire and fire. Keep it that way- NO STATE CONTROL! Thank you!
