Senate Committee on Health Care

Chair Patterson, Vice Chair Kennemer and members of the committee:

The Oregon Women's Rights Coalition supports SB 1530 to add insurance coverage specified fertility services for Oregonians.

While listening to National Public Radio last week there was a segment regarding the high cost of fertility treatment and the strain it puts on a couple in an already stressful situation.

The testimony you have on record is compelling. Please consider adding this coverage so Oregonians who need these services have access to this health care.

Thank you for your time.
