Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1546

I speak on behalf of 65,000 members dependent on rural jobs and schools. You are damaging our communities beyond repair and sacrificing our early childhood education obligations.

- 400 family wage paying rural jobs lost, and projected to continue for years.

- Property is grossly undervalued by nearly \$800 million to Common School Fund.

- What about the children?

- More than \$100 million in revenue lost that should fund all Oregon school children in The Common School Fund, through mismanagement of State Land Board.

- Defacto wilderness is another tinderbox waiting to explode. It poses a serious threat to adjacent communities.

- Requires the creation of yet one more bureaucracy that we don't need.

It sounds to me like another lawsuit waiting to happen for the State of Oregon because broken promises and back room deals. Just vote NO!
