

Submitter: Bob Elliott

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB1589

I oppose this change. It would still allow large fishing boats to travel the same stretch of the river with large wakes bigger than wake boats. You continue to take river areas away from boaters, where do they go? Small lakes and reservoirs that now will be dealing with more boats. The rich use you to control others who can not afford to live on "our" water ways. They cut there banks back to look better but take away the natural bank controls. Please do not vote for this new rule. I'm sure you have your minds made up, please keep an open mind. Bob Elliott
