

Submitter: Eric Hill

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

Please don't take away parents voices. It is a democratic process, to elect school board members. America was founded on this principle. It is plain wrong - to attempt to silence parents voices, but taking away the power of an elected school board. This bill is in DIRECT CONFLICT with the Democratic will of parents, citizens, and tax payers. Frankly, these attempts to do this sort of thing draws suspicion of this continued "State of Emergency". And a closed Capitol Building. It is somewhat telling, in that this sort of thing is being considered. Please represent the people you were elected to represent. And allow for School Boards to do the same.
