

Submitter: Nicole De Graff  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1521

As a former school board member and superintendent search committee member, I oppose this bill. We have good mechanisms already in place in our local communities to hire and fire superintendents. This bill would further politicize the issue and deepen any adversarial relationships that have occurred in recent months, as we have seen in Newberg. In regards to school board member training, we have that in place as well through OSBA. This bill is a waste of time and taxpayers funds. Please vote NO.
