On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1521

Dear Seanate Committee on Education,  
The power to educate children rests with the colective will of the Parents. Please desist legislation that strives to wrest this control away from our families that know best how to support and nurture our future Oregonians. SB1521 is yet another attempt to thwart local Education Board's ability to correct rouque carreerist SD Superintendents when they willfully infringe on the will of the Parents and Citizens of our state. No one is "entitled" to their job when they dont DO THERE JOB.  
Hands Off! vote no to SB1521 . . . Badly Done
