Committee: Senate Committee On Education

Measure: SB1521

This is a unnecessary bill and a waste of the time granted by the taxpayers to the Oregon Congress to conduct business. The school boards do not need to be micromanaged. The ability to operate the schools is from the people who locally live in the area and chose the School Board to carry out the wishes of the people for their children and students. The state should not be injecting itself in telling the School Board whom they can hire or fire or when or where or why. The Oregon Congress overreach with our children is too much and needs to stop. Each district has people elected by the people to serve the will of the people. There is not a need for the Oregon Congress to impose restrictions on these decisions. This bill should be dropped and not looked at again.

This IS NOT NECESSARY AND SHOULD NOT BE GIVEN TIME OR BREATH.
