

Submitter: Renee Perry
On Behalf Of: Anonymous RN via ENA Letter 3
Committee: House Committee On Judiciary
Measure: HB4142

On a daily basis in the emergency department we are verbally and or physically assaulted.

I have been hit, slapped, bitten, threatened with my life. every single swear word imaginable.

I love my job but people are getting more verbally assaultive than ever before. I understand people being stressed out but they would NEVER get away with their behavior anywhere else.

Anonymous ER Nurse
