

Submitter: Carmen Robinson

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1521

I oppose SB 1521. Once again the state is trying to take away local control from the people. We the people elect the school board to represent US. NOT the state!

This bill would eliminate local control, leaving parents' voices unheard and blurring the line of local, state and federal control.

I ask that you do NOT pass SB 1521

Thank you,
Carmen Robinson
