

I am opposed to SB1521. Although I am not surprised, I am once again appalled at the authoritarian measures that this state government takes. It's apparently not enough that you have completely ignored all scientific data in order to keep people in fear over covid but now you want to take away parents having the ability to oversee school board's and school districts thus overseeing a superintendent. I live in Newberg & I can tell you that Joe Morlock was a horrible superintendent. During his time here the school district lost almost a 1000 students & he routinely engaged in going after parents and students for issues that had nothing to do with school and did not occur on school grounds. Our school board had every right to fire him. The truth is that the authoritarian Democrat party that runs Oregon is scared because you know that parents have caught on to the indoctrination going on in schools. You know we are organized and have started a movement of our own. So like authoritarians always do, you just change the rules or make laws that say superintendents are now only accountable to the state, which means they have to do whatever you want or you'll fire them. I'm not sure how many authoritarian measures you think the people of Oregon are going to put up with, but you have lied to the to us for 2 years. You have abused our children and continue to abuse our children by masking them even though they are the least vulnerable group and now you want to take away our ability to properly oversee our school districts. People in Oregon are starting to wake up they're starting to realize that the Democrat party in Oregon are actually authoritarian tyrants who seek power above all else and will do anything to get it. So, as I stated you have lied about covid & kept people in fear to get power, you have changed election laws so that rampant fraud can happen, which always benefits the democrats and now you want to make super intendants are only accountable to you. People in this state are already fleeing out of here & nobody wants to live in a state where they're going to be forced to wear masks forever and nobody wants to live in an authoritarian police state. I would ask that this legislature do the right thing but seeing as it is composed primarily of authoritarian democrats, you are not capable of doing the right thing. I will tell you this, we the people are waking up & we the people oppose this bill. We oppose mask mandates especially for our kids & we oppose voter fraud. WE OPPOSE YOU and all the left wing authoritarian tyrants like you.
