On Behalf Of: Tracie Lampella ER RN
Committee: House Committee On Judiciary
Measure: HB4142

Hope this email finds you in time. I am writing in my complete support of this bill. I am an ER nurse in Southern Oregon at the largest hospital organization in our region which serves a large psychiatric population. I have seen countless teammates assaulted over the past 10 years. It would be reassuring to know that the patients who assault staff are held accountable.

Thank you for this

Sincerely,

Tracie Lampella
