

Submitter: Matt Lutter

On Behalf Of:

Committee: House Committee On Revenue

Measure: HB4115

I am a PERS member, I work for a public utility (EWEB), and I would like to know how my PERS retirement savings are being invested. I am concerned that the money is supporting companies that are contributing to the climate crisis. My community has experienced terrible wildfires and intense heat in recent years, and I hope that the Oregon Treasury is not making the problem worse. Please support HB4115.
