

Submitter: James Clark
On Behalf Of: Student enrolled in HRCSD
Committee: Senate Committee On Education
Measure: SB1521

Dear Senators, I am new to this political scene and that should tell you something. I am a senior citizen raising my great grandchild in the HRCSD. More and more of us are waking up to the tyranny that is happening not only in our local schools but at the state level. We are fed up with government overreach and elected officials that continue to pass laws in conflict with democracy.

SB 1521 is yet another such bill. SB 1521 is an absolutely senseless bill. Given that the ODE runs one of the worst performing public school systems in the nation, why would it make any sense to give MORE POWER to the state over local school districts?

This is obviously a response to the Newberg School District who fired their superintendent for insubordination after refusing to enforce the board action removing political (Marxist) symbols from the classrooms.

Considering that the school board members were democratically elected to remove this political indoctrination from their public school district, there must be no other way to interpret SB 1521 as an anti-democratic attempt to block tax payers from influencing the public education they pay for.

We STRONGLY URGE YOU TO IMMEDIATELY STOP THE PROGRESS of SB1521. This is a terrible bill that is immoral, in conflict with the state's constitution (no cause state), is anti-democratic and provides more power to a government agency (Oregon Department of Education) that is completely failing our kids.
