Re: Yes on House Bill 4006. I am a patient and support my ND

Dear House Health Care Committee,

My name is Myra Byam. I am a patient of a Naturopathic Doctor. I would like to share my experience working with this medical provider and ask you to support HB 4006.

I began seeking a natural and holistic avenue for my health issues about a year ago. I am happy to say that I have been able to improve my daily life as well as not add additional medications or have surgery. The ND is very knowledgeable and well trained. He is able to spend time discussing my questions as well as educate me on my issues. Also, I am able to get an appointment very easily which is almost never the case with my PCP.

Naturopathic Doctors are a very important part of health care options and not compensated equally or not offered by health care coverage plans. I myself have to cover the cost.

I am asking you to please vote yes on HB 4006 and endure fair access to licensed Naturopathic Doctors .

Sincerely yours,
Myra Byam
