

Submitter: Regan Schultz  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1521

As a mother of children in the Silver Falls School District I oppose SB 1521 because a local school board elected by the community is the very essence of democracy and can and should represent the viewpoints and concerns of the parents of school children. Superintendents should not be elected or fired by executive order, state or federal authorization and this another attempt to remove the rights of Oregonians through Government Overreach. SB 1521 is an Anti-Democratic Bill to block taxpaying parents from having a voice in the public education which we pay for. VOTE NO ON SB 1521.
