

We encourage you to please support SB1589.

Over the past few years, increased boat traffic combined with larger and heavier boats being used for wake surfing have created a dangerous and destructive environment on the Newberg Pool portion of the Willamette River. This is something that cannot be sustained. We must do something now to protect river banks, water quality, safety for motorized and non-motorized recreation and wildlife on the Willamette. Chris and Linda Pepler – Newberg residents
