

Submitter: Sheila Donley

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB1589

I support this bill because I would like to use the Willamette River for my slow recreational purposes, kayak, etc. but the larger boats create waves and endanger me. I am 70 years old and would like to be able to have fun on the Willamette for many more years. I have also heard that these larger boats endanger the wildlife!
Thank you.
