On Behalf  
Of:

Committee: Senate Committee On Judiciary and Ballot Measure 110  
Implementation

Measure: SB1541

Senate Bill 1541, If passed, would take money from 110 and give it to State Police. If passed, the bill would impact funding for addiction recovery service providers that are already slated to receive funds next month. Senate Bill 1541 would establish a unit of the Oregon State Police to collaborate with sheriffs' offices to the tune of \$500,000 a year. There is a reason that the people of Oregon voted for Measure 110. The Drug Treatment & Recovery Fund, which pays for the critical harm reduction and addiction recovery services provided by Measure 110. The way we help people through drug addiction is with medical treatment, not incarceration. This bill is a way to defund something which the people of Oregon supported, voted for an has been enacted. Don't do it.
