

Submitter: Darren Davidson

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

I am writing to oppose HB 4079. Oregon does not need a sales tax, even on luxury items. Oregon also does not need a new program to give funds to low income families. We already have the Oregon Trail Card program to provide assistance to those in need.

Oregon citizens have voted down proposed sales taxes many times. The legislature should not pass another backdoor sales tax, like the CAT tax.

Respectfully,  
Darren Davidson
