

Submitter: Derek Becker

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

Chairmen and Members of the Committee,

Oregonians have rejected a Sales Tax many, many times (8 or 9 I believe). So now, you are attempting to force a Sales Tax on us. If passed, this tax will not stay at 3% for long, nor will it just apply to "luxury items". Assuming democrat control of the legislature continues, it will only take a simple majority to raise it in the next legislative session. Please do not betray Oregonians again.

Vote no on this horrible idea.

Respectfully,
