Measure: HB4008

Living in Kenton, I was directly subject to tear gas munitions that were deployed in the park at the end of my street. Further more, in peaceful protest in Downtown Portland, I was subject, along with many others, to what seemed to be use of munitions without discretion. I believe that the protect and server doesn't mean gas and beat. I strongly oppose the use of this type of use of force and urge increased, rather than decreased accountability of our law enforcement.
