Measure: HB4079

This HB4079 is totally unacceptable. I am a senior on limited income and struggle to make ends meet. Yes, I have medical bills in the thousands I am slowly making payments on. I have paid into society all my life and never took advantage of anything free. Now we are going to hand out debit cards which most likely will be sold on the market. Most these individuals receive, welfare, snap and OHP. Truley what a mess Oregon has got into in these past years. I own my home, but more taxes will surely make it where I won't. I do pray we can make it through this but looks like we are going down the rabbit hole.
