

Submitter: Tad Patterson

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

Again, this is more overreach by the Oregon legislature. Be aware that more and more people are waking up to Government/ corporate abuse. This bill, if passed, will be abuse as it constitutes taxation without representation. By continuing a practice of abuse and overreach, the people of Oregon will be alienated even further and could lead to unnecessary political and social conflict. Follow your oath of office and vote NO on this ridiculous proposal.

Tad
