

Submitter: Candice Fuller

On Behalf Of:

Committee: House Committee On Human Services

Measure: HB4079

Hello : I greatly oppose this . I was homeless was I was younger and we have a choice America has opportunities and I finally chose to get off the street no free handouts should be given at the expense of hardworking taxpayers . The American dream is about anything is possible but it is up to you to work for it not get a handout .

Thank you
