

Submitter: Lilly Roe

On Behalf Of:

Committee: Senate Committee On Veterans and Emergency Preparedness

Measure: SB1517

I support HB 1517. It has been 2 years to flatten the curve and draconian mandates by the Governor because we have been in a continual state of emergency. This needs to stop. We need to limit the over reach of the government and ensure this never happens again. We need an accurate and accountable process for future "Emergency Declarations."

Thank you,
Lilly Roe
