On Behalf Of: We The People  
Committee: House Committee On Human Services  
Measure: HB4079

I am a lifelong resident of Oregon. I strongly oppose HB 4079!!! This is taxation without representation. I am a single mother working everyday trying to put food on the table. You make drugs legal and then expect taxpayers to pay these people to live on the streets? You people make me sick!!! You are all public servants that work for We The People. We The People will make the choice if we want to pay taxes or not. Your overreach to try and control the people that pay your paychecks every month comes to a stop right NOW!!!! We The People will hold every one of you that vote to push this through accountable. We are not going to lay down and take your abuse anymore!!! You are already abusing our children and now you want us to pay for homeless drug addicts to continue to live in our streets!!! NO means NO!!! We The People are putting you all on notice. I suggest you not pass this bill and start listening to us!!!
